

## Law Enforcement Liaison Program Monthly Webinar Series

*April 2019: The Three Phases of  
an Impaired Driving Arrest*

### **“Takeaways” for LELs from this month’s program:**

- Fundamentals matter – remind LEOs to follow established procedures to ensure consistency and good investigations.
- Careful and accurate documentation of the LEO’s actions and observations during the three phases of the arrest is critical to effective prosecutions.
- Proficiency in SFSTs enables LEOs to participate in advanced training, such as ARIDE (Advanced Roadside Impaired Driving Enforcement).
- Promote ARIDE training – available in the classroom or online.
- Reinforce with your constituents that regardless of the impairing substance – alcohol, drugs, or a combination – impaired driving is impaired driving. Period.
- Encourage participation in national and state or local mobilizations to combat impaired driving.
- Collect data and enforcement results to measure your efforts.
- Seek out assistance from your Highway Safety Office or NHTSA Regional Office.

**Next Month’s Program: Raising Vehicle Recall Awareness**

**Wednesday, May 15, 2019**

**1:30 pm EDT**

**Access recorded webinars at [nlelp.org/training/recorded-webinars](http://nlelp.org/training/recorded-webinars).**
